

Map Functionality:

Demand Points: Turn demand points On/Off by checking the toggle box. Hover over or click on points for more information. **Hint – for greater speed and clarity turn the demand points off when moving around the map or zooming in and out.**

Search: for an address, this search box includes auto-suggest functionality

Browse: to a broadband challenge location

The screenshot shows a map of Nelson Central with several network overlays: Telecom (yellow), TelstraClear (light green), CityLink (green), Vector (cyan), Broadband Challenge (purple), FXNetworks (blue), and KAREN (red). A search box at the top left contains the text "Search for Address". To the right is a "Browse" dropdown menu. Below these is a "Key" section with a table of categories and their toggle status. At the bottom right of the map area is a button labeled "Map your demand : click to add a business or private residence".

Category	Toggle

Broadband Challenge	<input checked="" type="checkbox"/>
FXNetworks	<input checked="" type="checkbox"/>
KAREN	<input checked="" type="checkbox"/>

Main Map: Use controls to zoom in and out, and move around. Double click on a location to centre the map. Click and drag also moves the map.

Map your demand: click here to add a demand point. Only business points will appear on the map.

Networks: Turn network information On/Off by checking the toggle box. **Hint – for greater speed turn network info off when moving around the map. Service area shapes are not plotted when “zoomed in” to provide greater clarity.**
